\$1,000 SCHOLARSHIP FOR LAW STUDENTS

Congratulations! You have made a life-changing decision to get a law degree and we couldn't be happier for you! We know from our own experience that this journey, while exciting, might also be financially draining, which sometimes prevents students from actively engaging in or even finishing their studies. We want to make sure that nothing stops you on the way to your goal. Therefore, we have created a scholarship that will give you an opportunity to throw some of the obstacles out of your educational path.

What are we offering?

A one-time \$1,000 financial aid to a student pursuing a degree in law.

What are the application criteria?

You need to be a law student in any academic institution in the US. As a proof, we would ask you to send us your transcripts or an acceptance letter from an academic institution you are going to attend this year.

How can you get the scholarship?

Send an email to peter@onlinedivorcer.com

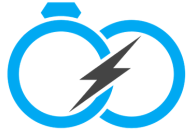

Subject of the email: 2020 Scholarship

Contents of the email: 100-200 words explaining how pursuing a degree in law will change or is already changing your life.

Attachments: transcripts or, if you are a first-year student, an acceptance letter.

What are our criteria?

Although we are asking for your transcripts, your GPA would not be the main factor. While a lot of scholarships focus on your academic performance, what we want to know is that going into law was the right decision for you and you will stand by it.

ONLINEDIVORCER

\$1,000 SCHOLARSHIP FOR LAW STUDENTS

What is the Application Deadline?

11:59 PDT - August 1, 2020

When will you learn about the results?

We will make an update on August 15, 2020 on our Facebook page. Also, we will personally contact the chosen applicant to inform them about the results.

How will the money be transferred?

The scholarship amount will be transferred directly to the educational institution.

Why is this scholarship worth applying for?

We love seeing students who are as passionate about law as we are. Although there will be only one winner, a few chosen applicants who either already have a Bachelor's degree or are on their 3rd or 4th year of studies will also receive offers that will help them alleviate their financial situations. We will invite such individuals to be our paid professional reviewers and/or writers for our blog working part-time or full-time at a schedule they find convenient.

If you have questions regarding the application process:

Please contact peter@onlinedivorcer.com. We would ask you not to use any other communication channels on our website as you will be directed to the abovementioned email address anyway.
